1. Trees

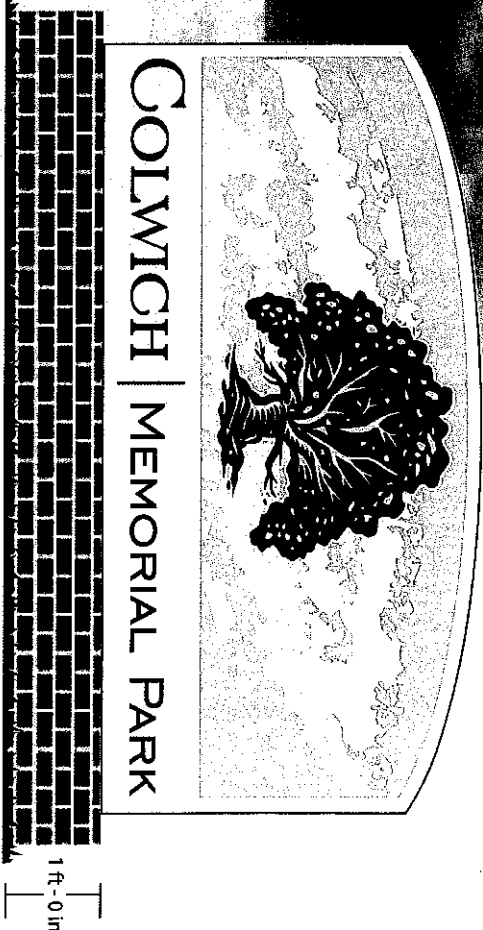

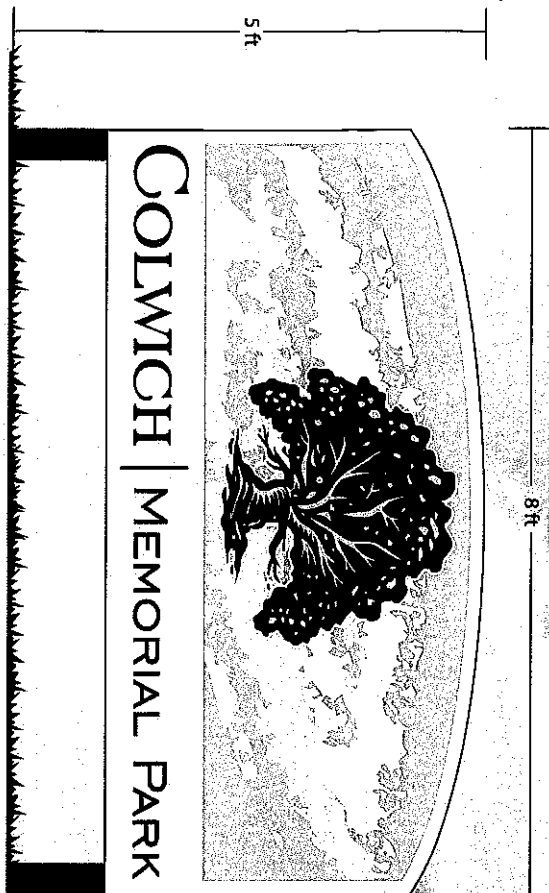

Council approved Don Seiler's bid to relocate the trees Cranmer Grass donated. Don Seiler looked at the trees and said he would not be able to get to as many as we thought because the trees have grown more than expected. He has some trees available for \$140, which includes the price of the trees. The tree flags will need to be marked between the 18 each of Red Buds available from Cranmer and the 32 each of Oak and Maples Don has available. Don Seiler will call the electric company to come mark the utilities prior to beginning the project to allow Don to time the moving of the trees. He will work with City Maintenance to have the newly planted trees begin a watering schedule.

2. Picnic Areas

Steve Wappelhorst took a copy of the shelter plans to Jared Eck to see if he would be able to construct the Large Shelter House cheaper than the bid we received. He will work with Jared to see if we could possibly brick the support poles at a later date to cut the price down. We requested 3 bids: 1 for the Large Shelter House complete per the blueprints, 1 Large Shelter House w/o bricks and 1 for the Small Shelter House.

3. Entrance Sign

Jim Costello brought a quote with a design from Luminous Neon Inc for \$4,408.00. We need to find a design for the face of the sign. Jim suggested we have the company install the sign on legs and possibly brick the bottom at a later date.
