

POSITION GUIDELINES

JOB TITLE: MAINTENANCE WORKER – FULL-TIME

POSITION SUMMARY

The Maintenance Worker position is a skilled and semi-skilled position performing water, wastewater and general maintenance duties. Work involves performing tasks and the operation of various mechanical tools and equipment to maintain the sewer system, water system, street maintenance, city equipment, maintain the City buildings, park maintenance and all city lawn care. This position may provide assistance on an as needed basis to the fire department as a firefighter and/or EMT based on experience and certification.

Other duties include code enforcement officer, sight obstruction officer, and animal control officer. The public works worker assists in maintaining records of the sewer and water systems and on the Public Works equipment.

The Maintenance Worker is required to be on call to respond to problems that occur after working hours per the schedule.

This position reports directly to the Public Works Director and Mayor. The Maintenance Worker will maintain a verbal relationship with the Mayor and Council on the happenings of the City and carry out duties of Public Works Director when the Director is off duty.

This is a full-time and KPERS eligible position.
